As a member of your City Council for the past six years, I believe my actions demonstrate that I am a fiscally responsible team player, with common sense and consistent goals, striving to protect and conserve our resources. I believe Laguna Woods must be a City that cares for its residents and their environment. When city residents participate in decisions and volunteer to help out, we demonstrate that seniors can successfully govern themselves. I believe in prudent budgets, visionary ideas, and reliable and diligent research so that we can find new ways of making dreams become reality.

It has been my privilege to have contributed, along with the City's talented staff and dedicated volunteers, to make Laguna Woods a viable City. If re-elected, I will continue to help make Laguna Woods the best little city in California.
